This right authorizes the diversion of ground water within the Rathdrum Prairie Ground Water Management Area (RPGWMA). Use of water under this right shall be subject to the provisions of the RPGWMA management plan approved by the director, including its conservation goals.

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

The right holder shall accomplish the change authorized by Transfer No. 81573 by June 26, 2018.

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.

When notified by the Department, the right holder shall install and maintain a measuring device of a type acceptable to the Department as part of the diverting works.

When notified by the Department, the right holder shall record the quantity of water diverted and annually report diversions of water and/or other pertinent hydrologic and system information as required by Section 42-701, Idaho Code, and/or the management plan for the Rathdrum Prairie Ground Water Management Area.

The following rights are diverted through the points of diversion described above: 95-4088, 95-7258, 95-7698, 95-8477, 95-9009, and 95-15533.

Failure of the right holder to comply with the conditions of Transfer No. 81573 is cause for the Director to rescind approval of the transfer.

The approval of Transfer No. 81573 redefined all of the elements of this water right, and the new use of water authorized by Transfer No. 815731 shall constitute the full extent of the right.
